

Auto Multiple Choice - Feature # 276: Selecting font for annotation

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	Hiroto Kagotani	<b>Category:</b>	
<b>Created:</b>	06/05/2014	<b>Assignee:</b>	Anirvan Sarkar
<b>Updated:</b>	08/19/2014	<b>Due date:</b>	
<b>Description:</b>	When annotation is performed, I can not specify the font for text rendering. It would be nice if I can select at least a font family from the available font list.
