Auto Multiple Choice - Feature # 397: Matching latex style file version with AMC perl package version

Status:	Closed	**Priority:**	Normal
Author:	shreikant kv	**Category:**	
Created:	12/10/2015	**Assignee:**	
Updated:	05/07/2018	**Due date:**	
Description:	If there is a mismatch between the "automultiplechoice.sty" and the AMC perl programs which run latex, there could be and there are hard to predict/resolve issues. So AMC programs "prepare" and others(full list not known to me) should warn in case of a version mismatch and in all likelihood not allow to continue.
