

Auto Multiple Choice - Bug # 922: Impossible to install AMC on MacOS Sonoma M1

Status:	Closed	Priority:	Normal
Author:	Eric Leroy	Category:	
Created:	04/14/2024	Assignee:	
Updated:	04/15/2024	Due date:	
Description:	<p>When I try to install AMC with homebrew I get the following message:</p> <p>==&gt; Installing auto-multiple-choice from maelvl/amc</p> <p>Error: Too many open files - socket(2) for /private/tmp/homebrew20240414-67211-ukgkxf/socket</p> <p>So the installation is impossible</p> <p>Do you have any idea how to solve this ?</p>
