Description:	I have an exam that looks like this:

<pre>
\setcounter{section}{0}
\section{History}
\AMCnumero{1}
\insertgroup{history}
\section{Geography}
\AMCnumero{1}
\insertgroup{geography}

\onecopy{1}{
\AMCformBegin
\AMCformS
\clearpage
}
</pre>

The sections titles are displayed on the question sheets, but not on the separate answer sheet.
Since the question numbering restarts at 1 for each section, it would help the students if the section titles were repeated on the answer sheet!

(Sure, as a workaround, I could also refrain from using \AMCnumero{1}.)
