Please add the

  Arabic: 1

option to your AMC-TXT file.

thank you, now myproject working good.

- i hope you add "Arabic: 1" to help page inside AMC (with Lang: AR).

- when i try to used a num optipn like [num=01] i got error msg, but when i used letters like [num=a] the project worked good.

regards

From revision r1301, @Arabic: 1@ is forced when using @Lang: AR@, so that this line is no longer needed.

> when i try to used a num optipn like [num=01] i got error msg

Which error? Can you post your source file?
