

Auto Multiple Choice - Support # 268: add libgtk2-notify-perl on ubuntu installation

Status:	Closed	Priority:	Normal
Author:	Pieter Van den Hombergh	Category:	Graphical Interface
Created:	05/01/2014	Assignee:	Anirvan Sarkar
Updated:	08/19/2014	Due date:	
Description:	without this package, the Gui/settings is not responsive to ok or cancel buttons. Installing libgtk2-notify-perl on ubuntu resolved the issue. This installation should be 'automagic'. See #267, which I will close.
