

## Auto Multiple Choice - Feature # 318: display of boxes for \AMCnumericChoices

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	math user	<b>Category:</b>	LaTeX
<b>Created:</b>	11/28/2014	<b>Assignee:</b>	
<b>Updated:</b>	11/29/2014	<b>Due date:</b>	
<b>Description:</b>	<p>@\AMCnumericChoices@: The decimal point and the sign (+/-) are displayed at the bottom (in vertical mode). Can they be placed in the middle/center so that they are better visible? Could the decimal point be displayed on each line (10 times)? (copied from message#2855)</p> <p>Option @outsidebox@: Would it be possible to print the digits 0 to 9 just left of the most left column of boxes and right of the most right column of boxes (for @digits=5@ just twice 0 to 9 instead of five times)? In horizontal mode just on top of the first row and below the last row of boxes.</p> <p>Thanks!</p>		

### History

- Description changed from \AMCnumericChoices:

*The decimal point and the sign (+/-) are displayed at the bottom (in vertical mode). Can they be placed in the middle/center so that they are better visible? Could the decimal point be displayed on each line (10 times)?*

*(copied from the forum "columnbreak when using multiple columns":*

*[[<http://project.auto-multiple-choice.net/boards/2/topics/2812?r=2855#message-2855>]])*

*Option outsidebox:*

*Would it be possible to print the digits 0 to 9 just left of the most left column of boxes and right of the most right column of boxes (for digits=5 just twice 0 to 9 instead of five times)? In horizontal mode just on top of the first row and below the last row of boxes.*

*Thanks! to @\AMCnumericChoices@:*

*The decimal point and the sign (+/-) are displayed at the bottom (in vertical mode). Can they be placed in the middle/center so that they are better visible? Could the decimal point be displayed on each line (10 times)?*

*(copied from message#2855)*

*Option @outsidebox@:*

*Would it be possible to print the digits 0 to 9 just left of the most left column of boxes and right of the most right column of boxes (for @digits=5@ just twice 0 to 9 instead of five times)? In horizontal mode just on top of the first row and below the last row of boxes.*

*Thanks!*
