I think you can use an equivalent function that your PDF viewer should usually have.

04/04/2012 04:34 pm - Alexis Bienvenüe

Or you can choose the directory where to place the PDF sheets when printing to files (Edit->Preferences->Main/Printing/Printing method set to "to files").

thank you.

However, this method is not the default method in all programs, these solutions help but it's unexpected intuition of a simple user.
