Description:	I think a compact True/False question type would be a useful addition to AMC		
	The last question below is a suggestion for AMC-TXT syntax for such a question.		
	It could be rendered with two columns of boxes on each line for either True or False.		
	Thanks for a brilliant piece of software!		
	# AMC-TXT source file		
	Title: My first AMC questionnaire		
	Presentation: Please answer the following questions		
	the best you can.		
	* What is the capital city of Cameroon?		
	+ Yaounde		
	- Douala		
	- Kribi		
	** From the following numbers, which are positive?		
	- -2		
	+ 2		
	+ 10		
	*** Regarding the moon		
	- It is made of cheese		
	+ It orbits the earth		
	+ Astronauts visited in 1969		
	- liquid water is common on the surface
