<b>Description:</b>	<p>Good morning.</p> <p>I would like to make an auto multiple choice exam for my students and I'm starting from zero. So I'm asking for help because I don't know how to start.</p> <p>I have already installed Macports but I don't know how to install AMC on my Mac.</p> <p>I have an exemple of a latex file exam, but when I compile the file I get an error message :</p> <pre>`automultiplechoice.sty' not found. \usepackage</pre> <p>Please can you help me and I'm sorry because I don't have any idea how this works</p> <p>Thank you</p>
