Description:	It would be very useful to be able to edit the "Cc" and "Bcc" fields that are passed to "sendmail" or to the SMTP. This is the reason: I want to keep a personal records of what I send; editing the "Cc" and "Bcc" would be very useful, since I would add myself on the recipient list of the email I send to my students. Thank you very much, andrea

- Status changed from New to Resolved

From revision r1198, you can set Cc and Bcc in Edit/Preferences/Email.
