Updated:	04/18/2023	Due date:	
Description:	(Sorry, please suppress #876)		
	I would add options to AMCNumericChoices to set header more easily in vertical mode.		
	Something working like that to give the result in image:		
	<pre>\AMCNumericChoices{5/7}{ digits=5, decimals=3, sign=true, vertical=true, vhead=true, vheadunitindex=3, Tvhead={M,C,D,U,d,c,m,dm}, vheadunitindex=5 }</pre>
